Docket No. 98N-1265

Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

I have spent (TEN) years (including two years at the University of Minnesota Women's Health Center) trying to find something to help my menopause related health problems. In the three short months that I have been working with Madison Pharmacy

I have definitely seen an obvious improvement in my health. My physician and I now have an C 1975 option that was not available to us previously. If you choose to limit the amount of prescriptions

Madison Pharmacy can send out of state I will be out of luck because I do not live in Wisconsin. PLEASE! DO NOT TAKE THIS CHOICE AWAY!
